I would like to declare my intent to participate in the College Credit Plus program. I understand that signing this form does not require that I participate during the upcoming school year, and I may decide not to participate without consequence. I understand that it is my responsibility to notify the FFHS Guidance Office if I do not gain admission to my selected institution of higher education or choose not to participate in the program.

I understand that it is my responsibility to notify and provide a college schedule to the FFHS Guidance Office each semester when I gain admission to my selected institution of higher education. I will then be told how many college semester hours I am eligible to take during the coming school year, including summer term.

In addition, I certify that I have received counseling about the College Credit Plus program concerning the rules and regulations for both my school and the college, and that I understand my responsibilities, the benefits and possible risks of participating in the College Credit Plus program.

Option B: A student who receives a grade of **F** or **W** on his/her transcript will be charged the amount of funds paid for the CCP course.

Because of the COVID 19 restriction of no large assemblies, the annual CCP meeting will be linked online via the guidance website. Links are on the right under **College Credit Plus (CCP) Information**. Please review both the Ohio Higher Education presentation as well as the FFHS follow up notes. Feel free to reach out to the school counselor, Mary Beth Shultz, with any questions. All textbooks for courses not taught on the FFHS campus must be coordinated and approved via the FFHS CCP Textbook Coordinator.

The counseling session must occur before the student participates in the College Credit Plus program. Use this checklist when reviewing the online linked presentation/notes.

Each public and participating nonpublic secondary school shall do all of the following with respect to the College Credit Plus program:

- Provide counseling services to students in grades six through eleven and to their parents before the students participate in the program to ensure that students and parents are fully aware of the possible consequences and benefits of participation.

Counseling information shall include:

- Program eligibility;
- The process for granting academic credits;
- Any necessary financial arrangements for tuition, textbooks, and fees;
- Criteria for any transportation aid;
- Available support services;
- Scheduling;
- Communicating the possible consequences and benefits of participation, including all of the following:
  - The consequences of failing or not completing a course under the program, including the effect on the student's ability to complete the secondary school's graduation requirements;
  - The effect of the grade attained in a course under the program being included in the student's grade point average, as applicable;
  - The benefits to the student for successfully completing a course under the program, including the ability to reduce the overall costs of, and the amount of time required for, a college education.
- The academic and social responsibilities of students and parents under the program;
- Information about and encouragement to use the counseling services of the college in which the student intends to enroll;
- The standard packet of information for the program developed by the Chancellor of the Ohio Department of Higher Education. (See the [www.ohiohighered.org/ccp/resources](http://www.ohiohighered.org/ccp/resources) page for the Information Session PowerPoint presentation.)
- Secondary schools must also provide information of the administrative rules of Course Eligibility (OAC 3333-1-65.12) and Underperforming Students (OAC 3333-1-65.13).

**Information about Options A and B:** Students must inform the college of the choice of Option A or B when registering for courses. The final date to change the election of Option A or Option B is on or before the college's no-fault withdrawal date

**Option A:** The student/family will be financially responsible for tuition and the cost of all textbooks, materials, and fees associated with the College Credit Plus course.

- The student must inform the secondary school whether the student wants to receive college credit only or high school and college credit.

**Option B:** The state of Ohio is financially responsible for the eligible course(s) in which the student chooses to enroll.

- If Option B is selected, the funding for the course will be deducted from the secondary school and redirected to the college.
- The student will receive high school and college credit.

**Combination of Options A & B:** Student/family chooses to be responsible for all tuition, textbooks, materials, and fees for one or more courses. If this option is chosen, the student must inform the college which course(s) will be under Option A and which will be under Option B.
