Stone Laboratory

Ohio State's Island Campus on Lake Erie

Stone Laboratory, Ohio State's Island Campus on Lake Erie, has some programs such as; college-credit courses for advanced high school sophomores, juniors, and seniors; professional development science classes for teachers; and science field trips.

For more than 20 years, Stone Lab has offered teachers an exciting way to complete their **professional development** requirements. In one short week of hands-on, field-based classes, teachers can learn new ways to incorporate science into their classrooms. Teachers enrolled in our summer professional development courses will return home with proven lesson plans and lab activities that will provide their students with new perspectives on real-world science.

They would also like to introduce 5th-12th grade teachers to our unforgettable **Lake Erie Science Field Trip Program**. Stone Lab's hands-on science field trips host thousands of students each year, providing them with a highly interactive, guided science experience. Teachers can choose from specialized activities to customize their experience and reinforce classroom curricula, as all of our field trip activities align with Ohio's science Academic Content Standards.

Reynolds Young Writers Workshop

For 23 years, the Jonathan R. Reynolds Young Writers Workshop has been bringing the caliber of a professional writers' conference to high school students who are passionate about writing and eager to connect to a community of writing friends. Denison's Reynolds Workshop offers an inspiring experience for up to 36 current high school sophomores and juniors. (Sorry, we do not accept current freshmen/rising sophomores). The program fee, including room and board, for the 8-day program is \$1,300. Financial support is available for those who need it.

At the Reynolds Young Writers Workshop, beginning writers of poetry, fiction, and creative nonfiction get the chance to develop their talents and hone their skills. Participants spend mornings in small workshop groups led by our accomplished faculty members. Afternoon classes focus on a choice of genres (fiction, poetry, creative nonfiction), supplemented by workshops with visiting writers and one-on-one sessions with faculty and staff. Students are housed alongside staff in residence halls at Denison in the lovely village of Granville, Ohio (22 miles east of Columbus). There's time for swimming, hiking, and many other fun activities.

Ohio Northern University

Summer Music Camp

June 18-23 2017 - Open to all Musicians, Grades 7-12, Band, Orchestra, and Choir. Large and Small Ensembles, Jazz Band, Barbershop Groups, Show Choir, Steel Drum Band.

COMPOSERS CONTEST - First Place: Free Tuition and \$100. Second Place: Half Off Tuition and \$50. Third Place: Half Off Tuition and \$25.

ASSE

International Student Exchange Program

Exchange students develop leadership skills, self-confidence and a greater understanding of the complexities of the world around them! This is why the best universities, as well as corporations and other professionals, look favorably on students who have spent a school year abroad. They know that former international exchange students bring a higher level of maturity and a global fame of reference to their university studies and activities.

ASSE's goal is to foster greater international understanding through our exchange students programs. In partnership with our overseas offices we offer a variety of destinations and programs including **Academic Year and Semester Programs, and Summer Homestay, Adventure, and Language Programs** to countries throughout **Europe, Asia and the Americas**.

ASSE believes strongly that American Students should have the opportunity to experience the world abroad. That is why we offer scholarship options for students to consider. The *Walter Danielson Scholarship* covers 100% of the program fee, one trip in the host country, and a monthly allowance for the student. Our 90% reduction in program fee Scholarship is also offered to many students throughout North America for Academic Year Programs. Final applications for scholarship are due march 1st, so students should act quickly to start the preliminary application process!
