PERSONNEL POLICIES GOALS

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The District's program functions best when it employs highly qualified personnel, conducts appropriate staff development activities and establishes policies and working conditions which are conducive to high morale and enable each staff member to make the fullest contribution to District programs and services.

The goals of the personnel program include:

1. developing and implementing those strategies and procedures for personnel recruitment, screening and selection, which result in employing the best available candidates: those with the highest capabilities, strongest commitment to quality education and greatest probability of effectively implementing the educational program;
2. developing a general assignment strategy, which makes the greatest contribution to the educational program, and using it as the primary basis for determining staff assignments;
3. providing positive programs of staff development designed to contribute both to improvement of the educational program and to each staff member's career development aspirations;
4. providing for a genuine team approach to education, including staff involvement in planning, decision making and evaluation;
5. developing and using for personnel evaluation positive processes which contribute to the improvement of staff capabilities and assist in making employment decisions and
6. encouraging all employees to be cognizant of their roles in instilling ethical principles and democratic ideals in all students.

EQUAL OPPORTUNITY EMPLOYMENT

The District provides equal opportunities for employment, retention and advancement of all personnel.

This Board encourages all personnel to assist in the accomplishment of this goal through their personal commitment to the concept of equal opportunity for all personnel regardless of race, color, national origin, citizenship status, religion, sex, economic status, age, disability or military status.

STAFF INVOLVEMENT IN DECISION MAKING

The District involves the efforts of many people and functions best when all personnel are informed of the major activities and concerns.

There should be an exchange of ideas and pertinent information among all elements of a school district. Problems and unfavorable attitudes develop when employees are denied information essential for the performance of their respective assignments or when they feel that their ideas and concerns are not heard. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

A pattern of decision making and problem solving close to the task also contributes to efficiency and high morale.

While all employees have the opportunity to bring their ideas or concerns to the Board, it is expected that they proceed through the recognized administrative channels. Final authority for all decisions rests with the Board.

STAFF CONFLICT OF INTEREST

Employees shall not engage in, nor have a financial interest in, any activity which conflicts with their duties and responsibilities in the District.

Employees shall not engage in work of any type in which information concerning a customer, client or employer originates from any information available to them through District sources.

Employees shall not sell textbooks, instructional supplies, equipment, reference books or any other products to the District. They shall not furnish the names of students or parents to anyone selling these materials.

In order that there is no conflict of interest in the supervision and evaluation of employees, at no time shall any administrator responsible for the supervision and/or evaluation of an employee be directly related to that employee.

Employees must not use their influence or authority to secure authorization of a public contract, including an employment contract, for a family member.

STAFF CONDUCT

All staff members have a responsibility to make themselves familiar with, and to abide by, the laws of the state of Ohio and the Negotiated Agreement, the policies of the Board and the administrative regulations designed to implement them.

The Board expects staff members to conduct themselves in a manner which not only reflects credit to the District, but also presents a model worthy of emulation by students. Unless otherwise permitted by law, staff members are not permitted to bring a deadly weapon or dangerous ordnance into a school safety zone.

All staff members are expected to carry out their assigned responsibilities. Essential to the success of ongoing operations and the instructional program are the following specific responsibilities which are required of all personnel:

1. faithfulness and promptness in attendance at work;
2. support and enforcement of policies of the Board and regulations of the administration;
3. diligence in submitting required reports promptly at the times specified;
4. care and protection of District property and
5. concern and attention toward their own and the District's legal responsibility for the safety and welfare of students, including the need to ensure that students are under supervision at all times.

All staff are encouraged to attend building level meetings and activities after regular school hours.

STAFF DRESS AND GROOMING

Staff dress and grooming should enhance a positive image of the District and not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate or compromise reasonable standards of health, safety and decency.

The Board retains the authority to specify the following dress and grooming guidelines for staff. All staff members will, when assigned to District duty, including extracurricular activities:

1. be physically clean, neat and well-groomed and
2. dress in a manner reflecting their professional assignment.

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. The basic line of communication is through the Superintendent. Staff members should utilize the Superintendent to communicate to the Board or its subcommittees, while recognizing that Board meetings are public meetings and that employees can participate in Board deliberations.

Accordingly, all official communications, policies and directives of staff interest and concern are communicated to staff members through the Superintendent. The Superintendent develops appropriate methods to keep staff members informed of the Board's issues, concerns and actions.

Board members must recognize that their presence in school buildings could be subject to a variety of interpretations by school employees. If a visit to a school or classroom is being made for other than general interest, Board members shall inform the Superintendent and make arrangements for visitation through the principal of the particular school. General interest visits are defined as informal expressions of interest in school affairs and not as inspections or visits for supervisory or administrative purposes. Board members shall sign-in with the principal's office upon arrival to the building. Official visits by Board members are carried out only under Board authorization.

STAFF HEALTH AND SAFETY

Through its overall safety program and various policies pertaining to school personnel, the Board attempts to ensure the safety of employees during their working hours and assist them in the maintenance of good health.

All employees are expected to observe commonly recognized practices which promote the health and safety of school personnel.

Bus drivers will have an annual physical examination in compliance with State law. The results of all such examinations are filed with the Superintendent.

Employees who are required by State or Federal law to have respiratory protection are required to have two physical examinations. The first examination must take place prior to the individual's wearing a respirator. The second examination must take place after the individual's exposure to any hazardous material (within 30 days if it is a one-time exposure, and at least annually if it is ongoing exposure).

The Board/Superintendent may require an individual examination of an employee whenever, in its judgment, it is necessary to protect the health and safety of students or other employees. Whenever the Board/Superintendent requires an employee to submit to a physical examination other than those required by law, the Board assumes the cost of the examination. All health examinations required of employees are made by one of the physicians approved for this purpose by the Board.

Workers' Compensation

In case of injury while pursuing duties in keeping with the employee's contract, the employee may be eligible for payment of medical expenses under the Workers' Compensation Act of Ohio.

Each school board in Ohio pays assessments to the Workers' Compensation Fund. Any employee injured in the pursuit of school activities can draw compensation from this fund. The date, time, place and nature of injury must be reported in writing to the office of the Treasurer on the date of occurrence. Application for this compensation must be filed by the physician no later than two weeks after the date of first treatment, if it is to be recognized.

Any employee who is injured while at work should as soon as possible report such injury to the central office and request the necessary forms to make application for payment under this act.

The injured employee may be requested to undergo chemical testing, as established by law and administrative regulation. The employee must prove that the injury was not proximately caused by the employee being intoxicated or under the influence of a controlled substance not prescribed by the employee's physician. The results of, or the employee's refusal to submit to, any of the requested chemical tests may affect the employee's eligibility to receive worker's compensation benefits.

Employees have the same fundamental civic responsibilities and privileges as other citizens. Among these are campaigning for an elective public office and holding an elective or appointive public office.

The terms and conditions under which the employee may continue employment as he/she seeks or holds such office are determined by the Board and law.

Employees are not permitted to use District time, moneys, facilities, equipment or supplies to campaign nor are the employees to actively campaign while on duty.

STAFF-STUDENT RELATIONS

The relationship between the District's staff and students must be one of cooperation, understanding and mutual respect. Staff members have a responsibility to provide an atmosphere conducive to learning and to motivate each student to perform to his/her capacity.

Staff members should strive to secure individual and group discipline, and should be treated with respect by students at all times. By the same token, staff members should extend to students the same respect and courtesy that they, as staff members, have a right to demand.

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Excessive informal and/or social involvement with individual students is prohibited. Such conduct is not compatible with professional ethics and, as such, will not be tolerated.

Staff members are expected to use good judgment in their relationships with students both inside and outside of the school context including, but not limited to, the following guidelines.

1. Staff members shall not make derogatory comments to students regarding the school and/or its staff.
2. The exchange of purchased gifts between staff members and students is discouraged.
3. Staff-sponsored parties at which students are in attendance, unless they are a part of the school's extracurricular program and are properly supervised, are prohibited.
4. Staff members shall not fraternize, written or verbally, with students except on matters that pertain to school-related issues.
5. Staff members shall not associate with students at any time in any situation or activity which could be considered sexually suggestive or involve the presence or use of tobacco, alcohol or drugs.
6. Dating between staff members and students is prohibited.
7. Staff members shall not use insults or sarcasm against students as a method of forcing compliance with requirements or expectations.
8. Staff members shall maintain a reasonable standard of care for the supervision, control and protection of students commensurate with their assigned duties and responsibilities.
9. Staff members shall not send students on personal errands.

10. Staff members shall, pursuant to law and Board policy, immediately report any suspected signs of child abuse or neglect.
11. Staff members shall not attempt to counsel, assess, diagnose or treat a student's personal problem relating to sexual behavior, substance abuse, mental or physical health and/or family relationships but, instead, should refer the student to the appropriate individual or agency for assistance.
12. Staff members shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.
13. There shall not be any physical, mental and/or verbal abuse by any individual(s) toward any other individual(s).

Social Networking Websites

1. District staff who have a presence on social networking websites are prohibited from posting data, documents, photographs or inappropriate information on any website that might result in a disruption of classroom activity. The Superintendent/designee has full discretion in determining when a disruption of classroom activity has occurred.
2. District staff is prohibited from providing personal social networking website passwords to students.
3. Fraternalization between District staff and students via the Internet, personal e-mail accounts, personal social networking websites and other modes of virtual technology is also prohibited.
4. Access of personal social networking websites during school hours is prohibited.

Violation of the prohibitions listed above will result in staff and/or student discipline in accordance with State law, Board policies and regulations, the Staff and Student Codes of Conduct and handbooks and/or staff negotiated agreements. Nothing in this policy prohibits District staff and students from the use of education websites and/or use of social networking websites created for curricular, cocurricular or extracurricular purposes.

STAFF GIFTS AND SOLICITATIONS

Gifts

The Board authorizes the expenditure of public funds to purchase meals, refreshments and favors for employees and Board members in the completion of their responsibilities. The Board believes that such expenditures are necessary, on occasion, to further a public purpose in the general operation of the District. Such public purpose includes, but may not be limited to, employee development activities, employee recognition activities and certain routine meetings that may be enhanced by such amenities.

Such expenditures shall be consistent with the Board's purchasing policy and within the appropriation limits established by the Board.

Presentation of gifts to, and the arrangement of social affairs for, employees leaving the system are governed by the following.

1. Each building principal appoints, or employees may volunteer for, a small social committee to plan social affairs such as teas and luncheons.
2. Any gifts to be presented to departing employees by their respective groups are at the discretion of the group involved.

Travel Vendor Compensation

Any compensation paid by a private travel vendor to a District official or employee, after the official or employee has participated in selecting the vendor to provide a field trip, is considered "public money" and must be returned to the District.

Solicitations

The Superintendent/designee annually approves all solicitations which are to be permitted in the schools. No organization may solicit funds of staff members in the schools, nor may anyone distribute flyers or other materials related to fund drives through the schools, without the prior approval of the Superintendent/designee.

Employees may not engage in the sale of products to the schools, even if the proceeds of such sales are intended for charitable or civic purposes; no staff member is to collect any money or distribute any fund-raising literature without the expressed approval of the Superintendent.

TOBACCO USE ON DISTRICT PROPERTY BY STAFF MEMBERS

The Board is dedicated to providing a healthy, comfortable and productive environment for its staff students, and citizens. Health professionals have determined that tobacco use, specifically smoking, poses health hazards not only for the smoker, but for the nonsmoker as well.

Recognizing these health issues, the Board prohibits tobacco use in all District-owned, leased or contracted buildings and vehicles.

The Board prohibits the use of electronic cigarettes in all District-owned, leased or contracted buildings and vehicles. These devices may be used in any Board-designated legally compliant outdoor smoking areas.

The Board directs the Superintendent to educate all staff members concerning the mandate of this policy, as well as implementing, as appropriate, educational programming concerning tobacco use and, if needed, resources available to those who wish to discontinue their tobacco habit.

A notice to this effect is posted at the entrance to all school buildings and in a visible place in all District-owned, leased or contracted buildings.

PERSONNEL RECORDS

The Superintendent develops and implements a comprehensive and efficient system of personnel records. The administrative assistant is hereby designated as the employees directly responsible for the personnel records system. The following guidelines govern such records.

1. Personnel records contain information relative to compensation, payroll deductions, evaluations and such information as may be required by the state or federal law or considered pertinent by the Superintendent. Anonymous material or material from an unidentified source is not placed in a staff member's file.
2. A personnel file for each employee is accurately maintained in the District office in accordance with administrative regulations incorporating the requirements set forth under the Ohio Privacy Act for the protection of employees. Employees will be notified whenever personal information concerning them is placed in their file.
3. State law requires that all public records be promptly prepared and made available for inspection to any member of the general public at all reasonable times during regular business hours. Upon request, the person directly responsible for the personnel records is required to make copies available at cost, within a reasonable period of time.
4. The public has access to all records in the personnel file with the following exceptions.
 - A. medical records
 - B. records pertaining to adoption, probation or parole proceedings
 - C. trial preparation records
 - D. confidential law enforcement investigatory records
 - E. Social Security number
 - F. records of which the release is prohibited by State or Federal law

Additional exceptions are listed in Ohio Revised Code Section 149.43.

5. The District is required to keep reports of investigations of employee misconduct in the employee's personnel file, unless the State Superintendent of Public Instruction or his/her designee determines that the report does not warrant taking action against the employee.

If the State Superintendent of Public Instruction or his/her designee determines no action is warranted, the investigation report must be moved from the employee's personnel file to a separate public file.

6. Each employee has the right, upon written request, to review the contents of his/her own personnel file. If a document is not disclosed to the employee because it is determined by a physician, psychiatrist or psychologist to be likely to have an adverse effect upon the employee, the document will be released to the designated medical authority. Requests are made to the Superintendent and scheduled for a time convenient for the parties involved.
7. Employees may make written objections to any information contained in the file. Any written objection must be signed by the staff member and becomes part of the employee's personnel file after the appeal procedure outlined in the Ohio Revised Code. The appeal procedure permits any employee who disputes the accuracy, relevance, timeliness or completeness of information maintained in his/her file to compel the District to investigate the current status of the information.
8. Personnel records should be reviewed only within the confines of the Superintendent's office or the Board's office.

STAFF COMPLAINTS AND GRIEVANCES

The Board encourages the administration to develop effective means for resolving differences that may arise among employees, reducing potential areas of grievances and establishing and maintaining recognized channels of communication.

Grievance procedures should provide for prompt and equitable adjustment of differences at the lowest possible administrative level; each employee should be assured the opportunity for an orderly presentation and review of complaints and concerns.

The machinery established for the resolution of grievances in contracts negotiated with recognized employee bargaining units applies only to “grievances” as defined in the particular contract(s).

DRUG-FREE WORKPLACE

The Board endeavors to provide a safe workplace for all employees realizing that the use/abuse of drugs and alcohol can endanger the health, safety and well-being of the nonuser, as well as the user.

Because of the Board's commitment to provide a safe workplace no employee shall unlawfully manufacture, distribute, dispense, possess or use any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance as defined in Federal and State law, in the workplace.

"Workplace" is the site for the performance of any work done in connection with the District. The workplace includes any District building, property, vehicles or Board-approved vehicle used to transport students to and from school or school activities (at other sites off District property) or any school-sponsored or District activity, event or function, such as a field trip or athletic event in which students are under the jurisdiction of District authorities.

As a condition of employment, each employee shall notify his/her supervisor, in writing, of his/her conviction of any criminal drug statute for a violation occurring in the workplace as defined above, not later than five days after such conviction.

Employees are given a copy of the standards of conduct and the statement of disciplinary sanctions and are notified that compliance with the standards of conduct is mandatory. Employees who violate the policy shall be subject to disciplinary proceedings in accordance with prescribed administrative regulations, local, State and Federal laws and/or the Negotiated Agreement, up to and including termination. Any employee in violation of this policy may be required to participate in a drug-abuse assistance or rehabilitation program approved by the Board.

Employees are provided the opportunity to participate in a drug-free awareness program to inform them of requirements, services and penalties.

Lists of local drug and alcohol counseling, rehabilitation and re-entry programs and services are available in the central office.

CRIMINAL RECORD CHECK

The Board shall request from the Superintendent of the Bureau of Criminal Identification and Investigation (BCII) criminal record checks of candidates under final consideration for employment or appointment in the District. The BCII criminal record checks include information from the Federal Bureau of Investigation (FBI).

The Board may employ persons on the condition that the candidates submit to and pass a BCII criminal record check in accordance with State law. Any person conditionally hired who fails to pass a BCII and FBI criminal background records check is released from employment. Applicants are given a separate written statement informing them that the Board uses a criminal records check as part of the initial hiring process and at various times during the employment career. This notice must be on a separate document which only contains this notice. The applicant's written authorization to obtain the criminal records check will be obtained prior to obtaining the criminal records check.

Prior to taking an adverse action against an applicant or employee (such as declining to employ, reassigning an employee, denying a promotion, suspension, nonrenewal or termination) based in whole or in part on a criminal record check, the applicant or employee will be given a written pre-adverse action disclosure statement which includes a copy of the criminal record check and the Federal Trade Commission's notice entitled "A Summary of Your Rights Under the Fair Credit Reporting Act."

After taking an adverse action, the applicant or employee is given a written adverse action notice which includes the name, address and telephone number of BCII, a statement that BCII did not make the decision to take the adverse action and cannot give specific reasons for it, the individual's right to dispute the accuracy or completeness of any information furnished by BCII and the individual's right to an additional free criminal record check from BCII upon request within 60 days.

An applicant for employment may provide a certified copy of a BCII criminal records check to the District in compliance with state law. The District may accept this background check in place of its own records check if the date of acceptance by the District is within one year after the date of issuance by the BCII.

State law requires subsequent criminal records checks every five years for all school employees except bus drivers. For currently employed bus drivers, a new report is required every six years.

Any and all information obtained by the Board or persons under this policy is confidential and shall not be released or disseminated. Criminal records checks are not public records for purposes of the Public Records Law. Any applicant not hired because of information received from the record check shall be assured that all records pertaining to such information are destroyed.

Volunteers

The District notifies current and prospective volunteers who have or will have unsupervised access to students on a regular basis that a criminal records check may be conducted at any time.

Contractors

Criminal records checks are required for contractors who meet the following four criteria: (1) the contractor is an employee of a private company under contract with the District to provide “essential school services”; (2) the contractor works in a position involving routine interaction with a child or regular responsibility for the care, custody, or control of a child; (3) the contractor is not licensed by ODE and (4) the contractor is or a bus driver.

NOTE: School districts must initiate the five-year cycle by requesting criminal records checks by September 5, 2008. State law identifies a number of individuals to submit to criminal record checks for initial and renewal of licenses, certificates or permits; and every five years if holding an eight-year professional teaching certificates or permanent teaching certificate. These individuals are persons with professional educator licenses, teachers' certificates, educational aid permits, educational paraprofessional licenses, and conditional teaching permits for those seeking alternative educator licenses, intervention specialists, treasurers, business managers and those with pupil activity program permits who do not have valid educator licenses, certificates or permits.

With respect to contractors, "essential school services" are those services which are provided by a private company under a contract with the district that the district's superintendent has determined are necessary for the operation of the district and that would need to be provided by employees of the district if the services were not provided by the private company.

If a contractor meets the definition and is covered by State law, the district may not allow that contractor to work in the district unless the contractor's employer provides documentation of a criminal records check or the district adopts certain safety measures to safeguard students. The contractor's employer may provide proof that the person has (1) been subject to a criminal records check in the five years prior to the date for the proposed work and (2) the criminal records check indicates they have not been convicted of or pleaded guilty to any offense listed in ORC 3319.39(B)(1). Instead of a criminal records check for a contractor who meets the definitions above, the district may require an employee of the district to be present in the same room with the child or within a 30-yard radius of the child if they are outside.

FAMILY AND MEDICAL LEAVE

The Board provides leave to eligible employees consistent with the Family and Medical Leave Act (FMLA). Eligible employees are entitled to up to 12 work weeks of unpaid family and medical leave in any 12-month period. The Board continues to pay the District's share of the employee's health benefits during the leave. In addition, the District restores the employee to the same or a similar position after the termination of the leave in accordance with Board policy.

In complying with the FMLA, the District adheres to the requirements of applicable Federal and State laws.

Additional information is contained in the regulations which follow this policy.

FAMILY AND MEDICAL LEAVE

Eligibility

An employee who has worked for the District for at least 12 months and who has worked at least 1,250 hours in the 12 months preceding the beginning of the leave is eligible for leave under the Family and Medical Leave Act (FMLA). The 12 months an employee must have been employed by the District do not need to be consecutive months. The 1,250 hours of service do not include vacation leave, sick leave, holidays or other paid leaves of absences. However, an employee returning from fulfilling his/her Uniformed Services Employment and Reemployment Rights Act (USERRA) covered service obligation shall be credited with the hours of service that would have been performed but for the period of military service in determining whether the employee worked the 1,250 hours of service.

Leave Entitlement

An eligible employee is allowed to take up to 12 workweeks of leave during a 12-month period. The District has chosen the following method to determine the 12-month period in which the 12 workweeks of leave entitlement occurs:

1. any fixed 12-month “leave year” (Fiscal year July 1- June 30)

An employee may be eligible for 26 workweeks of FMLA leave during a single 12-month period to care for a covered servicemember with a serious injury or illness. The District will determine the “single 12-month period” using the 12-month period measured forward from the date an employee’s first FMLA leave to care for the covered service member begins.

Types of Leave

An eligible employee may take FMLA leave for the following purposes:

1. birth and care of a newborn child;
2. placement with an employee of a son or daughter for adoption or foster care;
3. care for a spouse, child or parent with a serious health condition. An employee may not take FMLA leave to care for a parent-in-law;
4. recovery from a serious health condition that keeps the employee from performing the essential functions of his/her job;

5. to respond to a “qualifying exigency” that arises because a spouse, child or parent is a military member on covered active duty or
6. to care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent or next of kin of the covered service member.

The District requires eligible employees to use any accrued and unused paid vacation, personal or sick leave concurrently with unpaid FMLA leave.

Spouses Employed by the District

If spouses eligible for leave are both employed by the District, their combined amount of leave for birth, adoption, foster care placement and parental illness may be limited to 12 weeks. If spouses eligible for leave are employed by the District, their combined amount of leave to care for a covered service member is limited to 26 weeks.

Intermittent and Reduced Leave

FMLA leave may be taken intermittently or on a reduced leave schedule under certain circumstances. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason.

Reduced leave is a leave schedule that reduces the employee’s usual number of hours per workweek or hours per workday.

Intermittent or reduced leave is available for the employee’s own serious health condition; to care for a parent, spouse, son or daughter with a serious health condition; to care for a covered service member’s serious injury or illness or for leave taken due to a qualifying exigency. Such leave may be used for the birth or adoption/placement of a child only if the Board agrees.

If an employee needs leave intermittently or on a reduced leave schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as not to unduly disrupt the employer’s operations.

If the employee needs intermittent leave or leave on a reduced schedule that is foreseeable, the Superintendent may require the employee to temporarily transfer during the period that the intermittent or reduced leave schedule is required to an available position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee’s regular position.

If an eligible instructional employee (i.e., those whose principal function is to teach and instruct students in a class, a small group or an individual setting) needs intermittent leave or leave on a reduced leave schedule due to foreseeable medical treatments, and the employee would be on leave for more than 20% of the total number of working days over the period the leave would extend, the District may require the employee either to:

1. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment or
2. transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

Benefits

The Board maintains the employee's health coverage under the group health insurance plan during the period of FMLA leave on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire leave period. Prior to the beginning of the FMLA leave, the employee should make arrangements with the Treasurer to pay the employee's share of health insurance.

An employee may, but is not entitled to, accrue any additional benefits or seniority during unpaid FMLA leave. Benefits accrued at the time leave began (e.g., paid vacation, sick or personal leave to the extent not substituted for unpaid FMLA leave), however, must be available to an employee upon return from leave.

The Board is entitled to recover health care premiums paid during the leave if the employee fails to return from leave. Recovery cannot occur if the employee fails to return because of the continuation, recurrence or onset of a serious health condition or due to circumstances beyond the control of the employee.

Notice

When the FMLA leave is foreseeable, the employee must notify the Superintendent at least 30 days prior to the date when the leave is to begin. If the leave is not foreseeable, the employee must give notice as early as is practical. An employee shall provide at least verbal notice sufficient to make the District aware that the employee needs FMLA-qualifying leave, and the anticipated timing and duration of the leave.

The Board may deny the leave if the employee does not meet the notice requirements.

Certification

The Board may require the employee to provide a complete and sufficient certification from a health care provider containing specific information if he/she requests a medical leave. If there is a question concerning the validity of such certification, a second and, if necessary, a third opinion can be required, both at the expense of the District.

Upon the employee's return to work from FMLA leave occasioned by the employee's own serious health condition, the Board requires that the employee present a fitness statement from the employee's health care provider certifying that the employee is able to return to work.

Reinstatement

When the employee returns from the leave, the Board reinstates the employee to the same or an equivalent position with equivalent benefits, pay, terms and conditions of employment. An employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

Instructional Employees

Special leave rules apply to instructional employees. Instructional employees are those employees whose principal function is to teach and instruct students in a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors and special education assistants such as signers for the hearing impaired. It does not include teacher assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

The following limitations also apply to instructional employees who take leave near the end of a semester for purposes other than the employee's own serious health condition.

1. When an instructional employee begins leave more than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last at least three weeks and the employee would return to work during the three-week period before the end of the semester.
2. When an instructional employee begins leave less than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last more than two weeks and the employee would return to work during the two-week period before the end of the semester.
3. When an instructional employee begins leave less than three weeks before the end of a semester and the leave lasts more than five working days, the Board may require the employee to continue taking leave until the end of the semester.

In all cases, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the Board is not counted as FMLA leave. However, the Board is required to maintain the employee's group health insurance and restore the employee to the same or equivalent job upon the conclusion of the leave.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY (HIPAA)

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) grants individuals the right to receive notice of the uses and disclosures of their protected health information that may be made by the District, and sets forth the individual's rights and the District's legal obligations with respect to protected health information. The purpose of this policy is to assist the District in complying with the HIPAA privacy standards, to ensure that individuals receive adequate notice of the District's practices with regard to the dissemination and use of protected health information, and to protect the confidentiality and integrity of protected health information.

Confidentiality of Individually Identifiable Health Information

All officers, employees and agents of the District must preserve the confidentiality and integrity of individually identifiable health information pertaining to any individual. Individually identifiable health information is protected health information and shall be safeguarded to the extent possible in compliance with the requirements of the security and privacy rules and standards established by the HIPAA.

The District and its employees will not use or disclose an individual's protected health information for any purpose without the properly documented consent or authorization of the individual or his/her authorized representative unless required or authorized to do so under State or Federal law or this policy, unless an emergency exists or unless the information has been sufficiently de-identified that the recipient of the information would be unable to link the information to a specific individual.

All employees of the District are expected to comply with and cooperate fully with the administration of this policy. The District will not tolerate any violation of the HIPAA privacy or security standards or this policy. Any such violation constitutes grounds for disciplinary action, up to and including termination of employment.

Any employee of the District who believes that there has been a breach of these privacy and security policies and procedures or a breach of the integrity or confidentiality of any person's protected health information shall immediately report such breach to his/her immediate supervisor or the Board-appointed privacy/security officer. The privacy/security officer shall conduct a thorough and confidential investigation of any reported breach and notify the complainant of the results of the investigation and any corrective action taken.

The District will not retaliate or permit reprisals against any employee who reports a breach to the integrity or confidentiality of protected health information. Any employee involved in retaliatory behavior or reprisals against another individual for reporting an infraction of this policy is subject to disciplinary action up to and including termination of employment.

Prior to releasing any protected health information for the purposes set forth above, the District representative disclosing the information shall verify the identity and authority of the individual to whom disclosure is made. This verification may include the examination of official documents, badges, driver's licenses, workplace identity cards, credentials or other relevant forms of identification or verification.

If the privacy/security officer determines that there has been a breach of this privacy policy or of the procedures of the District, he/she shall make a determination of the potentially harmful effects of the unauthorized use or disclosure and decide upon a course of action to minimize the harm. Any individual responsible for the unauthorized use or disclosure is referred to the Superintendent or his/her designee for appropriate disciplinary measures.

Privacy/Security Officer

The Treasurer shall be the privacy/security officer for the District. The privacy/security officer is responsible for overseeing all ongoing activities related to the development, implementation, maintenance and adherence to the District's policies and procedures concerning the security and privacy of protected health information.

Notice

The District shall distribute a Notice of Privacy Practices to individuals at the time of their enrollment in the health plan and within 60 days of any material revision. The notice shall also be posted in a clear and prominent location in each facility in the District and be printed in staff handbooks and the health plan booklet. The District will also notify individuals covered by the health plan of the availability of and how to obtain the notice at least once every three years.

Training

All employees shall receive training regarding the District's privacy policies and procedures as necessary and appropriate to carry out their job duties. Training shall also be provided when there is a material change in the District's privacy practices or procedures.

Documentation

Documentation shall be required in support of the policies and procedures of the District and all other parts of the HIPAA privacy regulations that directly require documentation, including, but not limited to, all authorizations and revocations of authorizations, complaints and disposition of complaints. All documentation is kept in written or electronic form for a period of six years from the date of creation or from the date when it was last in effect, whichever is later.

PROFESSIONAL STAFF POSITIONS

All professional staff positions are created only with the approval of the Board. It is the Board's intent to maintain a sufficient number of positions to accomplish its goals and objectives.

Before any new position is established, the Superintendent presents for the Board's approval a job description for the position.

Although a position may remain temporarily unfilled or the number of persons holding the same type of position may be reduced in the event of staff reductions, only the Board may abolish a position which it has created.

The Superintendent keeps all job descriptions current and presents recommended changes to the Board for approval.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Teachers)

The Board believes that a fair teacher compensation plan, which includes an adequate base salary, increments and employee benefits, is necessary to attract and hold highly qualified men and women to provide the quality educational program.

As required by law, notice of annual salary is given to each certificated/licensed employee by July 1.

Teacher Contracts

Written contracts of employment shall be issued to all professional teaching personnel. Contracts are by and between the staff member and the Board.

The basic types of contracts are as follows:

1. Limited Contract

A limited contract is one to five years in length. It may be entered into by a teacher who has not been an employee of the Board for at least three years and must be entered into, regardless of length of previous employment, by a teacher who holds a provisional or alternative license or who holds a professional license and is not eligible to be considered for a continuing contract.

Any teacher employed under a limited contract and not eligible to be considered for a continuing contract is, at the expiration of the contract, considered reemployed at the same salary plus any increment provided by the salary schedule, unless acted upon by the Board.

The Board may, acting on the Superintendent's written recommendation that the teacher not be reemployed, not renew a limited contract so long as evaluation procedures have been completed in compliance with law. The Board must give the teacher written notice of its intent not to reemploy on or before June 1.

2. Extended Limited Contract

An extended limited contract of one or two years in length is given to a teacher who is eligible for consideration for, but not awarded, a continuing contract.

3. Continuing Contract

Teachers who have taught in the District for at least three years within the last five years and teachers who have attained continuing contract status elsewhere and have served two years in the District are eligible for continuing contracts.

A continuing contract may be issued to eligible teachers who:

- A. hold a professional, permanent or life teaching certificate or
- B. Any teacher who was initially issued a teacher's certificate or educator's license prior to January 1, 2011 who meets the following conditions:
 - 1) Holds a professional educator license or a senior professional educator license or lead professional educator license;
 - 2) Has completed the applicable one of the following:
 - a. If the teacher did not hold a master's degree at the time of initially receiving the license, 30 semester hours of coursework are required in the area of licensure or in an area related to teaching since the initial issuance of the license.
 - b. If the teacher held a master's degree at the time of initially receiving his/her license, six semester hours of graduate course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.
- C. Any teacher who never held a teacher's certificate and was initially issued an educator license on or after January 1, 2011 who meets the following conditions:
 - 1) Holds a professional educator licenses or a senior professional educator license or lead professional educator license;
 - 2) Has held an educator license for at least seven years;
 - 3) Has completed the applicable one of the following:
 - a. If the teacher did not hold a master's degree at the time of initially receiving and educator license, 30 semester hours of coursework in the area of licensure or an area related to the teaching field since the issuance of the licenses.

- b. If the teacher held a master's degree at the time of initially receiving his/her licenses, six semester hours of graduate coursework required in the area of licensure or in an area related to teaching since the initial issuance of the license.

Upon the recommendation of the Superintendent that a teacher eligible for continuing contract service status be reemployed, a continuing contract is granted unless the Board rejects the recommendation by three-fourths vote. A continuing contract remains in effect until the teacher resigns, elects to retire, is retired for reasons consistent with law or until he/she is terminated or suspended.

If the Board rejects the recommendation for reemployment of the teacher, the Superintendent may recommend reemployment of the teacher under an extended limited contract for a term not to exceed two years, if continuing service status has not previously been attained elsewhere. Written notice of the Superintendent's intention to make such a recommendation must be given to the teacher with reasons directed at the professional improvement of the teacher on or before June 1. Upon subsequent reemployment of the teacher, only a continuing contract may be entered into.

The Board may reject the Superintendent's recommendation for reemployment of the teacher under an extended limited contract by three-fourths vote of its full membership.

The Board declares its intention not to reemploy the teacher by giving the teacher written notice on or before June 1. If evaluation procedures have not been completed in compliance with law or if the Board fails to give the teacher written notice of its intent not to reemploy by the aforementioned date, the teacher is reemployed under an extended limited contract for a term not to exceed one year at the same salary plus any increment provided by the salary schedule.

The Superintendent's recommendation is considered in all contracts pertaining to certificated/licensed individuals.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Administrators Both Professional and Support)

Fair compensation plans are necessary in order to attract and hold highly qualified administrators to provide and manage a quality educational program.

The Board may establish a salary schedule for its administrators, with the exception that the salary of the Superintendent is usually determined by the employee contract. Notice of annual salary is given to each administrator by July 1.

All administrators shall be issued written limited contracts. The contract specifies the administrative position and duties, the salary and other compensation to be paid for performance of such duties, the number of days to be worked, the number of days of vacation leave and any paid holidays in the contractual year.

The term of the administrator's contract will not exceed three years, except that an individual who has been employed as an administrator for three years or more shall be entitled to receive a contract of not fewer than two nor more than five years. The Superintendent may recommend employment of an individual who has served as an administrator in the District for three years or more under a one-year administrative contract once during such individual's administrative career in the District.

An administrator who has earned teacher tenure in the District retains such status while serving as administrator. Any administrator who previously obtained teacher tenure in another district achieves teacher tenure in the District after re-employment with two or more years' experience as an administrator in the District.

The Superintendent's recommendation is considered in all contract renewals. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by July 31 and a copy is given to the administrator. In the year an administrator's contract does expire, two evaluations are completed one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to March 31 and prior to any Board action on the employee's contract.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.

Before March 31, any administrator whose contract expires at the end of the school year is notified by the Board of the date on which the contract expires and of the individual's right to request a meeting with the Board in executive session to discuss the reasons for considering renewal or nonrenewal of his/her contract. Also prior to March 31 of the year in which the contract of employment expires, any administrator whom the Board intends to nonrenew receives written notification of the Board's intent not to re-employ.

The Board may request an alternative administrative License valid for employing any administrator, conforming with State law.

PROFESSIONAL STAFF SUPPLEMENTAL CONTRACTS

Certain positions assigned to individuals may require extra responsibility or extra time beyond that required of all professional staff members. When the Board and administration determine the need, personnel assigned to such positions are provided supplemental contracts and supplemental compensation.

The Board approves the positions and the compensation for these assignments. Supplemental contracts for such assignments are awarded by the Board upon the recommendation of the Superintendent.

Supplemental contracts are limited contracts given for terms not to exceed five years. Supplemental contracts expire automatically at the end of their terms, with or without Board action.

The Board directs the Superintendent/designee to identify those supplemental contract positions that supervise, direct or coach student activity programs which involve athletic, routine/regular physical activity or have health and safety considerations. Individuals accepting these contract positions must complete the requirements established by the Ohio Department of Education, and State law.

PROFESSIONAL STAFF LEAVES AND ABSENCES

A leave of absence is a period of extended absence from duty by a staff member for which written request has been made and formal approval has been granted by the Board. The Board provides a plan for considering leaves and absences for its staff members in accordance with State and Federal laws and Board policies.

Compensation, if any, during leaves of absence depends upon the type of leave. Deductions are made in salaries for absence in accordance with regulations developed by the administration and approved by the Board.

Depending on the type of leave and when the group insurance policy permits, an employee may continue to participate in Board-approved insurance programs, provided that the employee pays the entire premium for these benefits.

A staff member terminates his/her affiliation with the Board if, at the expiration of the specified period of leave, he/she declines the position that is offered to him/her. Assuming his/her contract has not expired during a leave of absence, an employee holds the same contract status upon returning to duty as was held on the date on which the leave began.

PROFESSIONAL STAFF RECRUITING

Because the quality of the staff hired by the Board is the major component of an effective, productive educational program, the Board and the administration of the District make efforts to attract and retain qualified personnel.

The Board expects the Superintendent, with the assistance of the administrative staff, to determine the personnel needs of the District and the individual schools and to recruit the best qualified candidates to recommend for employment.

Recruitment procedures include posting all openings so that the talents and potential of individuals already employed by the school system are not overlooked. Any current employee may apply for any position for which he/she has certification and meets other stated requirements. All candidates shall be considered on the basis of their merits, qualifications and the needs of the District.

The appropriate building administrator is expected to be involved in recruiting and interviewing. The Superintendent's recommendation reflects, although not necessarily concurs with, that administrator's appraisal of the candidate's qualifications.

PROFESSIONAL STAFF HIRING

The Superintendent determines the personnel needs and recommends suitable candidates for employment to the Board. Through recruiting and evaluation procedures, the Superintendent recruits and recommends to the Board the employment and retention of personnel.

It is the duty of the Superintendent to see that persons nominated for employment in the schools meet all certification/licensure requirements and the requirements of the Board for the type of position for which the nomination is made.

The following guidelines are used in the selection of personnel.

1. There is no unlawful discrimination in the hiring process.
2. The quality of instruction is enhanced by a staff with widely varied backgrounds, educational preparation and previous experience. Concerted efforts are made to maintain a variation in the staff.
3. Interviewing and selection procedures ensure that the administrator who is directly responsible for the work of a staff member has an opportunity to aid in the selection process. The final recommendation to the Board is made by the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination would create an unlawful interest in a public contract.
4. No candidate is hired without an interview and a criminal record check.
5. All candidates are considered on the basis of their merits, qualifications and the needs of the District. In each instance, the Superintendent and others having a role in the selection process seek to recommend the best qualified applicant for the job.
6. All candidates for teaching positions must meet the Ohio Department of Education's standards of highly qualified teacher (HQT).

Relatives of Board members may be employed by the Board, provided the member of the Board involved does not participate in any way in the discussion or vote on the employment of his/her father, mother, spouse, brother or sister.

Any employee's misstatement of fact material to qualifications for employment or the determination of salary shall be considered by this Board to constitute grounds for dismissal.

Wherever possible, positions shall be filled by holders of permanent, professional or provisional certificates. Only when, after due diligence, a worthy candidate holding permanent, professional or provisional certification cannot be found, may the Board employ the holder of a temporary or one year vocational certificate.

No candidate for employment as a teaching staff member shall receive recommendation for such employment without having presented written evidence of his/her certification or pending application for certification.

The Superintendent shall seek candidates for employment who possess the following attributes: successful educational training and experience, scholarship and intellectual vigor, good character, appreciation of children, good health and physical efficiency, and emotional and mental maturity.

The Superintendent shall supply sufficient candidate background data to enable the Board to weigh each employment recommendation soundly and shall have interviewed each candidate recommended for employment to the Board or delegated such responsibility to the ESC Office.

While the Board may accept or reject a nomination, an appointment is valid only if made with the recommendation of the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination would create an unlawful interest in a public contract. In the case of a rejection, it is the duty of the Superintendent to make another nomination.

Employment of Retired Administrators

The Board recognizes that recruiting and retaining highly qualified administrative personnel has become increasingly difficult in Ohio's competitive marketplace. Therefore the Board will, under appropriate circumstances, offer to enter into administrative employment agreements with qualified retired administrators whenever practical and when such action appears to be in the best interests of the District. Retired administrators may be employed as administrators on a part-time or full-time basis.

For purposes of this policy, a "retired administrator" is an individual who has retired pursuant to STRS or SERS rules and regulations.

The Board authorizes and directs the Superintendent to develop administrative regulations to implement this policy at the soonest practicable time.

Rehiring of Retirees

If an employee is retiring and seeks re-employment in the same position, then public notice must be given 60 days prior to the date re-employment is to begin. The notice must state that the person is or will be retired and is seeking re-employment in the District. The notice must include the time, date and location of a public meeting, which must take place 15 to 30 days prior to employment.

PART-TIME AND SUBSTITUTE PROFESSIONAL STAFF EMPLOYMENT

All professional personnel serving as substitute teachers or in part-time positions are recommended by the County ESC Superintendent for appointment by the Board. The rates of pay for such employment are recommended by the County ESC Superintendent and established by the Board.

The employment of substitute teachers is centralized for the District in the office of the County ESC Superintendent. Candidates selected are recommended to the Board for placement on the list of approved substitutes. Principals assume responsibility for the scheduling of substitutes from the approved list as needed.

Building principals develop regulations for substitute teachers to guide them in the performance of their duties. The regulations are approved by the Superintendent.

EVALUATION OF PROFESSIONAL STAFF
(Ohio Teachers Evaluation System)

A determination of the efficiency and effectiveness of the teaching staff is a critical factor in the overall operation of the District. The Board evaluates teachers in accordance with State law and the standards-based statewide teacher evaluation framework adopted by the State Board of Education (SBOE).

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The requirements of this policy prevail over any conflicting provisions of collective bargaining agreements entered into on or after September 24, 2012.

Notwithstanding Ohio Revised Code Section (RC) 3319.09, this policy applies to any person employed under a teacher license issued under Ohio Revised Code (RC) 3319, or under a professional or permanent teacher's certificate issued under former RC 3319.222, and who spends at least 50% of the time employed providing content-related student instruction. This teacher evaluation policy does not apply to substitute teachers or instructors of adult education.

Credentialed evaluators

Evaluations carried out under this policy are conducted by persons holding evaluator credentials established by the Ohio Department of Education (ODE). Evaluators must complete state-sponsored evaluation training and pass the online credentialing assessment. The Board adopts a list of approved credentialed evaluators chosen from the ODE's list.

Effectiveness Rating

Teachers are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% teacher performance and 50% student growth measures. Student growth will be determined through multiple measures.

Annually, the Board submits to the Ohio Department of Education, the number of teachers assigned an effectiveness rating, aggregated by the teacher preparation programs from which, and the years in which, the teachers graduated. The name of, or any personally identifiable information about, any teacher reported in compliance with this provision cannot be required.

Teacher Performance Calculation

Teachers are evaluated via two formal observations and periodic classroom walk-throughs. The 50% teacher performance measure is based on the Ohio Standards for the Teaching Profession.

The Superintendent/designee selects/develops evaluation tools to calculate teacher performance. The Board directs the Superintendent/designee to develop procedures for these evaluation tools.

Student Growth Calculation

For the purpose of this policy, student growth means the change in student achievement for an individual student between two or more points in time. Student growth is evaluated by a combination of: (1) Value-added data or an alternative student academic process measure if adopted under ORC 3302.03(c)(1)(e); (2) ODE approved assessments and/or (3) Board determined measures. When available, value-added data or an alternative student academic progress measure if adopted under ORC 3302.03 (c)(1)(e) shall be included in the multiple measures used to evaluate student growth in proportion to the part of the teacher's schedule of courses or subjects for which the value added progress dimension is applicable.

Until June 30, 2014, if a teacher's schedule is comprised only of courses of subjects for which value-added data is applicable, the majority of the student academic growth factor of the evaluation shall be based on the value-added progress dimension. On or after July 1, 2014, the entire student academic growth factor of the evaluation for such teachers shall be based on the value added progress dimension.

Students with 45 or more excused or unexcused absences during the full academic year will not be included in the calculation of student academic growth. Data from Board-determined multiple measures will be converted to a score of: (1) Least Effective, (2) Approaching Average, (3) Average, (4) Above Average or (5) Most Effective student growth levels.

Professional Growth and Improvement Plans

Teachers with a most effective rating for student growth must develop professional growth plans and choose their credentialed evaluators from the Board-approved evaluator list.

Teachers with average and above average ratings for student growth must develop professional growth plans collaboratively with their credentialed evaluators from the Board-approved evaluator list and will have input on their credentialed evaluator.

Teachers with approaching average and least effective ratings for student growth must develop an improvement plan with their credentialed evaluators. The Superintendent/designee assigns credentialed evaluators to teachers with approaching average or least effective student growth ratings.

Evaluation Time

District administrators evaluate teachers annually. Annual evaluations include two formal

observations at least 30 minutes each and periodic classroom walk-throughs. Teachers, who are on limited or extended limited contracts pursuant to State law and under consideration for nonrenewal, receive at least three formal observations during the evaluation cycle.

All teacher evaluations are completed by May 1. Teachers evaluated under this policy are provided with a written copy of their evaluation results by May 10.

The Board may evaluate teachers receiving effectiveness ratings of Accomplished on those teachers' most recent evaluation carried out under this policy, and whose student growth measures are at least average or higher every three years. Such evaluations are completed by May 1 of the evaluation year. Teachers evaluated on this basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

The Board may evaluate teachers receiving effectiveness ratings of Skilled on those teachers' most recent evaluation carried out under this policy, and whose student growth measures are at least average or higher every two years. Biennial evaluations conducted under this policy are completed by May 1 of the evaluation year. Teachers evaluated on a biennial basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

Testing for Ineffective Teachers in Core Subjects

Beginning with the 2015-2016 school year, teachers of core subject areas, as defined by State law, who have received a rating of Ineffective for two of the three most recent school years must register for and take all written examinations of content knowledge selected by the Ohio Department of Education.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions. The Board adopts procedures for use by district administrators in making retention and promotion decisions based on evaluation results.

Seniority shall not be the basis for making retention decisions, except when choosing between teachers who have comparable evaluations.

Poorly Performing Teachers

The Board uses evaluation results for removing poorly performing teachers. The Board adopts procedures for removing poorly-performing teachers based on evaluation results.

Professional Development

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education evaluation framework.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Support)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator. In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1 and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein prevents the Board from making any final determination regarding the renewal or nonrenewal of an administrator's contract.

Ohio Principal Evaluation System (OPES)

Procedures for evaluating principals and assistant principals are based on principles comparable to the Ohio Teacher Evaluation System, but are tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Principals and assistant principals are evaluated under the above system, with the inclusion of the following components.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% measures of principal or assistant principals performance and 50% student growth measures. Student academic growth is determined through multiple measures.

Principals and assistant principals are evaluated via two formal observations and periodic building walk-throughs. The 50% principal and assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

Student academic growth is evaluated by a combination of : (1) Value-added data; (2) Ohio Department of Education (ODE) approved assessments and/or (3) Board determined measures. When available, value-added data shall be included in the multiple measures used to evaluate student growth

The principal's performance rating is combined with the results of student growth measures to produce a summative evaluation rating according to ODE requirements.

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walkthroughs.

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Support)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of State law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. An initial meeting is held by the Superintendent at the beginning of the school year with the administrators to discuss specific measurable objectives and plans for their achievement. A statement of these objectives and plans is submitted by each administrator to the Superintendent/designee at a time specified. These objectives and plans are written and maintained in each administrator's personnel file.
2. The evaluator employs the evaluation criteria which are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of July. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss the evaluation with the evaluator at this second meeting.
3. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
4. For those employees whose contracts are expiring at the end of the current school year, two evaluations must be completed. A written copy of the preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.
5. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.
6. Assistant superintendents, business managers, principals, assistant principals, and other administrators are automatically re-employed for a period of one year, or for two years if such person has been employed by the District for three or more years, if they are not evaluated according to State law or provided a meeting, if interested, to discuss their renewal or nonrenewal.

7. All evaluation criteria, procedures and written job descriptions are reviewed annually by the Superintendent/designee and revised as necessary.

SUSPENSION AND TERMINATION OF PROFESSIONAL STAFF MEMBERS

Suspension

The Board may suspend a teacher pending final action to terminate his/her contract if, in its judgment, the character of the charges warrants such action.

Termination

The contract of a teacher may be terminated good and just cause. Before terminating any contract, the Board furnishes the teacher a written notice signed by the Treasurer of its intention to consider termination of his/her contract and specification of the grounds for such consideration. The Board informs the teacher of his/her right to request a hearing by the Board or by an independent referee. At such a hearing, both parties may be represented by counsel and present and cross-examine witnesses. A stenographic record of the proceedings is made. After the hearing, the Board makes its determination by majority vote. Any order of termination of a contract states the grounds for termination.

SUPPORT STAFF CONTRACTS AND COMPENSATION PLANS

Contracts

All newly hired, regular support staff employees, including regular hourly rate and per diem employees, enter into written contracts for their employment, which are for a period of not more than one year. If such employees are rehired at the end of their first contracts, their subsequent contracts are for periods of two years.

After the expiration of the two-year contract, if the contract of an employee is renewed, the employee receives a continuing contract. The salary provided in the contract may be increased but not reduced unless such reduction is a part of a uniform plan affecting the support staff employees of the entire District.

Compensation Plans

In determining and developing salary schedules for support staff other than administrators, the Board considers the responsibilities of the position, the qualifications needed, past experience of the individual and years of service credit.

Salaries for support staff are reviewed and established annually by the Board upon the recommendation of the Superintendent.

In compliance with State law, employees are notified in writing by July 1 of their salary for the following school year.

Concussion Management

House Bill 143 (effective April 23, 2012) added requirements to State law for concussion management to athletics. The specific requirements are outlined in Ohio Revised Code 3313.539. The law states that if districts are subject to the rules of an interscholastic athletic conference they will be in compliance if the rules of the organization are substantially similar to that of State law. Districts who are part of the Ohio High School Athletic Association (OHSAA) should already be implementing procedures that are similar to what is now in State law. If your district is not a member of OHSAA, or has sports that are not recognized as OHSAA sports, check with your regulatory organization to ensure compliance with State law.

The Ohio High School Athletic Association (OHSAA) has already made a concerted effort to provide educational resources to member schools on concussion management. This information is outlined in the OHSAA bylaws and sports regulations.

Specifically, OHSAA has adopted the following sports regulation:

“Any athlete who exhibits signs, symptoms or behavior consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion or balance problems) shall be immediately removed from the contest and shall not return to play until cleared with written authorization by an appropriate health care professional.

In Ohio, an “appropriate health care professional” shall be a physician, as authorized under ORC Chapter 4731 and includes both doctors of medicine (M.D.), doctors of osteopathy (D.O.) and an athletic trainer, licensed under ORC Chapter 4755.

OHSAA has further defined parameters to guide OHSAA licensed officials, medical personnel and member schools in implementing these guidelines. Information is provided by OHSAA on recognizing signs and symptoms consistent with a concussion. Specific guidelines and expectations for coaches, officials, and students for concussion management are outlined in the OHSAA general sports regulations. Details are additionally outlined in these regulations for when athletes can be returned to play and who is able to decide whether a student is fit to return to practice or competition.

HB 143 amended the requirements for the issuing or renewal of a pupil-activity program permit to coach interscholastic athletics. These permits are issued by the Ohio Department of Education. To receive a first time permit each individual must successfully complete a training program that is specifically focused on brain trauma and brain injury management. To renew a permit, individuals must present evidence that they have successfully completed a training program in recognizing the symptoms of concussions and head injuries within the previous three years.

OHSAA has a web page dedicated to sports safety, which includes links to concussion resources. Visit <http://www.ohsaa.org/medicine/sportssafety.htm> for more information.
